

Casing h 20 cm (7" 7/8)

ALC2_

design Benedini Associati, 2015

The storage units' casings are made in plywood with oak veneer or in reconstituted wood whit teak finish or varnished in white, grey or in RAL colourings on request. The storage units' casings are available in lengths of 80 (31" 1/2) to 200 cm (78" 3/4), height 20 (7" 7/8) or 40 cm (15" 3/4), depth 47,7 cm (18" 3/4). Storage units are also possible with special dimensions when the configuration includes open storage units.

Materials

Wood

Height:	20 cm	7" 7/8 inches
Depth:	47.7 cm	18" 3/4 inches

Note: Holes for washbasins and taps to create on the casings of the Lato storage units ONLY with height 40 cm (15" 3/4). Only over countertop washbasins or the Eil countertop with washbasin can be positioned on the casings. The basins can be positioned on a 40-cm high casing, fitted with a drawer, and on 20-cm high casing with an open compartment. Indicate the position of the washbasin hole providing the distance from the left edge of the casing to the centre of the washbasin for each washbasin inserted, preferably attaching the design. The washbasin supporting storage unit of 20 cm height, has a perforated lower side that allows the passage and inspection of the bottle waste trap.
